

Welcome to the REScoop PLUS National Workshop

*This project has received funding from the European Union's
Horizon 2020 research and innovation programme under
grant agreement No 696084*

Value-Added of Energy Efficiency for Cooperatives

The REScoop PLUS Toolkit

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 696084

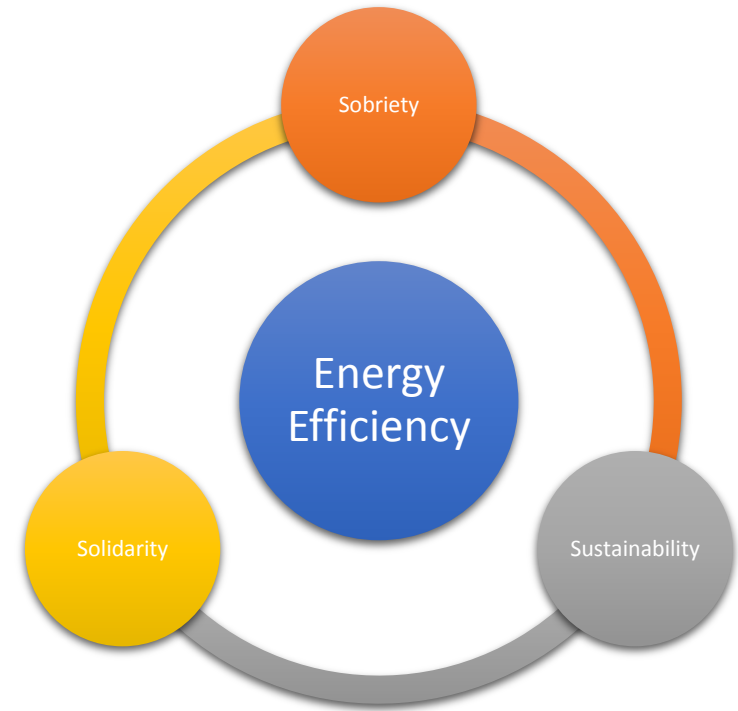

Let's get to know each other

- Who is currently in or developing a cooperative project ?
- Have you implemented Energy Efficiency Actions in your organisation ?
- Who is representing a local municipality ?
- Who has a smart meter at home ?

REScoop PLUS – European Project

- REScoop PLUS is a project that **supports the deployment of tools and best practices for more energy efficiency in the energy cooperatives.**
- REScoop PLUS supports **energy efficiency as a way to improve business cases for the energy cooperatives.**
- REScoop PLUS is financed by the H2020 program

Our Partners

12 Partners – 8 Countries – 7 REScoops

UNIVERSITY OF TWENTE.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 696084

The REScoop PLUS Methodology

The goal of REScoop PLUS is make energy efficiency a value adding activity for the REScoops.

Impact of Energy Efficiency

Energie ID

Info Energia

Dr Watt

Package Approach

Technical Support

Optimized Return Flow

- “Consumers upon joining a REScoop reduce their consumption by up to 20%”
- A majority of the rescoops members are using the best practices
- The best practice are achieving up to 60% of savings

The National Workshop Tour

Place	Host	Date
Athene	Technical University Crete	22 May 2018
Milan	Enostrà	21/06/2018
Zurich	BEHAVE Conference	05/09/2018
Izmir	Troya Cevec	10-11/09/2018
Berlin	Burger Energie Berlin	19/10/2018
Paris	Labo de l'ESS	29-30/10/2018
Spain	Som Energia	October 2018

Program of the Day

Registration and Welcome coffee			9:00
Start of the Event			10:00
Plenary Session – Introduction of the Turkish Context			10:15
Plenary Session – General Introduction and presentation of the day			10:30
Energy Saving Stream		District Heating Stream	
Introduction to Energy Savings	10:45	Introduction to District Heating	10:45
		Presentation of EBO and context in DK	11:00
Presentation InfoEnergia	11:15	Presentation of SEV and context in Italy	11:15
		Presentation of the Package Deal	11:45
BREAK (15 minutes) – 11:45 – 12:00			
Presentation Energie ID	12:30	Presentation of the Package Deal	12:30
Presentation Dr Watt	13:00	Presentation of the Technical Support	13:00
Presentation Single Tariff System	13:30	Presentation of the Optimize Return Flow	13:30
LUNCH (60 minutes) – 13:30 – 14:30			
One-on-One appointments with Experts			14:00
Plenary Session – Wrap Up and Next Steps			14:45
End of the Event			15:00
